

Dear ,

Just a quick update. Last day for hunts this year will be April, 2nd. While it is warming up the mornings are still decent and therefore unless we get a real cool front would recommend mornings. We still have birds and should have plenty of quail to get to the end with a few pheasant and chukar still left.

Yesterday we had our tower shoot. With the high wind yesterday shooting was a bit on the tough side but fun was had by all and a few birds were harvested in the process. We will be having one last shoot to end the season and clean the pheasant pens out. Details are below.

*** TOWER SHOOT
Sunday March 26th
Sign in 8:30 a.m. Shoot time 9:00 a.m.
Minimum of 10 pheasants per person (should be more)
Lunch and bird processing included
Cost \$315.00 per person
Please RSVP no later than the 22nd

Thanks Leon
